

March 1969 Meeting Minutes

Meeting opened by President John Porter at 8:15PM. Treasurers report read, secretaries report read.

Secretary announced permission was received to erect antenna at club site. This was followed by a general discussion concerning types of antennas, problems, design considerations, etc. A committee formed to evaluate the site and present practical design to club for use there. *Emerson; Marshall; Welch;*

The junk in back of the room discussed, meeting held Saturday to clean it up, sort it out, and accept new or trade what you have for what we have.

Letter to be written to C.D. Center asking for dates of April 21 or 28th for visiting the center.

Field day discussed, still desire to use city hall for greatest exposure to local people as to activity of ham/CD group. Lud Fasolino, Bill Emerson, and Marshall Cannell to be committee to plan this activity.

The proposed construction project for the club was discussed in detail - this building a solid state transmitter in module form. Several members showed interest, however, several points were raised concerning the project and discussion continued to next meeting.

Membership present asked to fill out a questionnaire, the results of which will be announced sometime in the future.

Meeting closed at 9:15 PM.

Jim Crump, WLEWN
Secretary
